

The Name of your application: Forever Paws

- GitHub repository link: [https://github.com/JonathanDarg/CS456\\_Web\\_Project](https://github.com/JonathanDarg/CS456_Web_Project)
- Members of your team: Meghan Burton, Jonathan Dargakis
- General Description of the application you plan to develop.

We plan to develop an dog adoption website where people can come and learn about dogs and the importance of adopting and provide a place for dogs to find a home.

- Target audience

Families looking to learn about taking care of dogs, adopting, or volunteering at an adoption center.
